

REMEDIA 3

THE ULTIMATE CARPET AND UPHOLSTERY CLEANING AND RESTORATION PRODUCT
Developed for the Mold-Remediation Industry

When applied properly, Remedia III is designed to completely remove all soils and stubborn stains (such as blood, urine, red wine, chocolate, and smoke) the first time, every time.

REVOLUTIONARY AND VERSATILE CARPET CLEANER

- Made with the latest detergent technology. To allow REMEDIA III's organic cleaning agents to penetrate deeper into carpet for a more thorough cleaning
- Breaks down soil and stains for easy removal
- Contains a powerful hydrogen peroxide cleaning formula that deodorizes and removes stains without damaging carpet
- Gets the spot out the first time, every time, and keeps them from reappearing.
- Breaks down and removes all stubborn organic matter, such as blood, pet urine, wine, and coffee
- Eliminates all odors, including smells from pet odors, tobacco, urine, and smoke.
- Biodegradable - breaks down into oxygen and water
- No alkaline rinse needed
- Can be used on all water-safe surfaces.
- Leaves a clean, fresh fragrance
- No heavy artificial fragrances
- Excellent for pre-spotting and pre-spraying, eliminating the need for other remediation products.

Remedia III is easy to use. Mix 6 to 8 parts water with 1 part Remedia III. Simply spray on, and allow carpet to remain wet for 8 to 10 minutes. Then rinse with hot water, and vacuum up soil residue.

When using Hydro Force unit, use the yellow tip and wet sufficiently. In all other applications, use at a rate of 8 to 1 and allow the carpet to stay wet for 8 to 10 minutes. Then rinse with hot water, and vacuum.
